Introduction

"all tweets are satire and expire after 24 hours"

What makes Ruben such a notorious figure in the Roblox community? Is it his contact with the admins of the game? Is it his million dollar lawsuit which almost ruined his career? Or is it something more, something that he does on a daily basis that harms people and is a factor in radicalizing members of the Roblox community?

Let me cut to the truth; Ruben believes in these opinions on Twitter he makes almost daily and actively propagates them to his impressionable fanbase.

You may be asking why this is a problem, and the truth is that one or two comments isn't the biggest deal in the world. Yeah yeah, there are lots of other accounts doing it, but the accumulation of these comments and the propagation/glorification of said ideals constantly is what causes a problem, and it can influence his community, which it has.

Every single time a take comes up which shows Ruben as a negative person, he either

- 1) Shows information about the person he's talking about to paint them as a terrible person (usually their fetishes)
- 2) Quote tweets said person to get his fanbase to harass them (This happened with me)
- 3) Respond without Quote tweeting with a somewhat mocking tone, which still gets his fanbase to harass the person calling Ruben out.

I want to demonstrate this through the evidence I've collected during my observations. With this said, let's begin!

ANTI FUR

This isn't that bad, I'll admit, but it's still a problem. Firstly, I'll show what he says and then I'll show what his fans say in regards to said topic.

Transphobia

Now this is a problem. Picture people who wish to live their lives as the opposite gender from which they were assigned at birth. Difficult enough, isn't it? Now add the amount of people who dislike transgender individuals. I may be a little biased due to my more moralist views and the idea of everyone being able to have their own identity, but what Ruben and his community does to trans figures is disgusting.

(Ruben Sim, someone who at that time had a somewhat smaller but still MASSIVE account, decides to tell people to follow FursPostingLs.

Why is this transphobia? Well..

<https://web.archive.org/web/20230930221109/https://twitter.com/FursPostingLs>

- Uses transphobic banner which ridicules a trans creator

- Transphobia 1

- Transphobia 2 (ValidLs is another extremely popular anti-trans account which got suspended as of late. The reply was to a picture of a trans person's arm which is also no longer visible.)

- Transphobia 3 (53% is the suicide/self harm rate I believe)

So after a callout post with this info, you would've expected Ruben to have responded, yes?

No, he didn't. It was only after another separate post.

I'll show that later, but for now, here's what Ruben's fans said about it and what they said about the people who agreed with me.

aside of the phobic comments, Ruben pointed out that the dude was sending thigh pics to minors. You're completely avoiding that apparently lol

I didn't avoid it, I reposted the post of someone else who got blocked due to calling ruben out

(I called Zeezy a pedophile in the Original Post because she is indeed one. [Notice the "dude" in the reply, however I will not judge that as that's just one impression.]

Ruben's behavior in that image however was unacceptable:

Chicken @ChickenAlias · Nov 28

also highly doubtful you're the official account for Kaiju Paradise, but if you are, maybe it isn't a good idea to follow or reply to NSFW content when your game on Roblox is 13+. not a good look.

The explanation is already there

As for this guy

Grooming is bad, but two wrongs don't make a right. Just because there's a pedophile doesn't mean you have the right to insult them repeatedly and disrespect them.

As for the Bluewolf stuff:

126

And then there's this.

ad hominem

Attacking your opponent's character or personal traits in an attempt to undermine their argument.

Ad hominem attacks can take the form of overtly attacking somebody, or casting doubt on their character. The result of an ad hom attack can be to undermine someone without actually engaging with the substance of their argument.

After Sally presents an eloquent and compelling case for a more equitable taxation system, Sam asks the audience whether we should believe anything from a woman who isn't married, was once arrested, and smells a bit weird.

I love using the fallacies to show people's unadulterated ignorance in the modern world.

Does being a furry / liking vore art invalidate your arguments? No. Thinking like this is what Ruben Sim fans and Ruben himself actively use to hide from their accusations.

Ad Hominem Fallacy | Definition & Examples

Published on April 21, 2023 by [Kassiani Nikolopoulou](#). Revised on October 9, 2023.

Ad hominem fallacy (or **ad hominem**) is an attempt to discredit someone's argument by personally attacking them. Instead of discussing the argument itself, criticism is directed toward the opponent's character, which is irrelevant to the discussion.

76

the context is lacking here so Tripp is sort of right but still

"the son of your fucking mother" (Not entirely accurate as a translation, I am half Colombian though so I can confirm)

If you don't like / are neutral to trans people that's fine, but if you actively get in their way

and cause them problems you, yourself, are an issue.

- 1) "Violating human rights" Source?
- 2) "Making everyone like them" Not everyone has to like them, just the majority
- 3) "If they hate them it's not okay" It's not okay to hate on anyone, and even less so a minority of people.

Lol

who the hell cares about misgendering pedophiles? also bluefol is a scat fetish and also supposedly a diaper fur lol

58

- 1) refer to what i said before
- 2) So what if blue has those fetishes? As long as she does them in private with consenting adults she has the full right to do quite literally anything with them. It's an overreaction to cause her problems over this.

94

Blatant transphobia using the excuse of Biology.
Fun fact related to Biology; Men can lactate!

Don't believe me? Here's a source, the ones that Ruben fans don't give you!

<https://www.scientificamerican.com/article/strange-but-true-males-can-lactate/>

If a man has enough prolactin, they can indeed lactate.

 **Ssslenderkiller** @Ssslenderkiller · 22h
There's no such thing as being 'transphobic' when it isn't possible to transition. Shut the fuck up

   8  160  

It is possible to transition with enough treatment, phalloplasty (gender reaffirmation surgery) and other medication among other things.

It is not possible at this current time, however, for a transgender woman to have a womb.

Perhaps a transplant may be possible in the future.

And lastly, the other blatant transphobia which actually uses the slur. The only person brave enough out of every transphobe to actually use it lol.

<https://twitter.com/PolygonSucks3/status/1730702110847574445>

...

oh no he misgendered a subhuman pedophile!?

Calling people subhuman pedophiles is what causes harassment to occur, and (fun fact) is one of the stages of how a genocide occurs, specifically the Dehumanisation stage.

Quote: "**Dehumanisation** - Those perceived as 'different' are treated with no form of human rights or personal dignity. During the Genocide against the Tutsi in Rwanda, Tutsis were referred to as 'cockroaches'; the Nazis referred to Jews as 'vermin'."

(<https://www.hmd.org.uk/learn-about-the-holocaust-and-genocides/what-is-genocide/the-ten-stages-of-genocide>)

why can't you call male a male without being "hateful"?

12

371

Because they wish to identify as a woman. You can call people who identify as men, men but it's hateful to call a biological male who identifies as a woman a man. Biological means nothing now at this point due to how science has advanced and how a person can change themselves regardless of what they were born as.

Blamefucker @DwellUnderRock · 1h

Fine to insult the masculinity of a man you don't like, Walking the line to insult the femininity of a woman you don't like, EVIL to insult the preference of a trans person you don't like.

2

Masculinity and femininity are sexist terminology. Why? Because in ancient times it was used to make boys feel inferior. Things like "Boys don't cry!" are sexist terms that still seep through in a modern society.

It's bad to insult all 3 of those.

Zixea @Vilixuz · 19h

I follow Ruben because it's like watching someone develop slowly into Hitler, but at this point you should probably make a blacklist that blocks everyone who follows Ruben.

2

7

393

Zixea
@Vilixuz

I'll take the sacrifice of being blocked by you because watching this man slowly indoctrinate children is far too entertaining to give up.

7:54 PM · Dec 1, 2023 · 85 Views

Ruben's indoctrination program makes him Hitler? I don't think so, but he's being extremely close to becoming a figure that is similar to Hitler.

Identity isn't self destruction.

Conclusion

Ruben Sim is a transphobic antifur who hides behind a rapidly crumbling facade of satire. This isn't something that's new, moreso something that has been building up over the course of months and that I've grown tired of.

I've called out Ruben a few times before, however I do not think his behavior will change and he will keep doing this.

Ruben Sim is indoctrinating impressionable children from his audience and turning them into antifurs and transphobes who will then go on to spread his message to other groups.

This is not satire anymore. Ruben organizes hate campaigns against people he doesn't like simply by quote tweeting them with snarky and sarcastic messages, and he has been doing this for over a year at this point. His fans are manipulated, deceived and lied to on a daily basis under the message of Ruben being this "based deity" who is destroying all the furies one tweet at a time.

There's no justifying this, there's no defending this, and I plead for everyone who is not yet infected by this delusion, this hivemind, this toxic environment Ruben has created, to fight back and find ways to inform his fans.

There is still time to fix this. There is still time to fix everything that Ruben has done to the individuals who were at one point vulnerable, and they were then taken advantage of by Ruben.

I plead with all of you to post this document in Ruben's comment sections, and inform the people who are either about to listen to Ruben or have heard of him. We must destroy the delusion together, and we cannot work alone. Coordination may take place, however with the work of many we can achieve one common goal;

The eradication of Ruben Sim.

Fight for a better tomorrow, show them wrong, destroy the weak minded ignorant ideals, because together we are strongest.

Thank you for reading.

Update: I worded something wrong on page 25.

I think grooming is bad, but two wrongs don't make a right. Just because there's a pedophile doesn't mean you have the right to insult them repeatedly and disrespect them.

**Grooming is, and will always be, objectively bad.
UPDATE 1: Reworded statement.**

Removed the "I think".

That's basically the only thing he criticized, which means he must cherry-pick something else until he moves on.

BTW WATCH THIS ITS GOLD

<https://twitter.com/WhiteSnakefanb2/status/1731120859094409435> I LOVE THE KAIJU CINEMATIC UNIVERSE

(this is our national anthem)

We are the oppressed people of Ruben Sim's terrorist reign, and now we must overpower him and his hivemind. Together we are stronger and more powerful than ever before. Come on, my people. We shall prove that Ruben cannot crush us, and that we will prove to be superior once more.

I deeply apologize to the victims of this tragedy, of this document, to the ones who have been hurt by what Ruben has done and to the ones who keep fucking glorifying him?!

Yeah I don't know, it's incredibly idiotic that people keep defending transphobia/racism/any other bigotry in this day and age.

Respect others, please. That's like, the basic human standard. It's just respecting identity, gender, among other things.

It doesn't matter who a person is or what they have done, it's still important for you and I to recognize that things like insulting them, calling

them subhuman, among other things hurts them just as anyone else may be hurt.

You may argue I am biased towards trans people, even assume that I am from the left. I am a bit biased towards trans people, but fuck the left centrist 4eva
